## Housing Refit

Paul Adam from Mears attended our Residents Association meeting in January and produced a comprehensive paper. The January issue covered

- Planned sequence of works
- Current position
- Community Issues and any other matters

Mears will be providing updates each month and the printed sheet will be posted through your letterbox. If you have any questions or worries then pop along to the drop in at the meeting place.

## Do you enjoy cooking?

Are you free any Wednesdays of the month between 3-5 or 3-7?

That's when we run our Tinkers Bridge Warm Room and we'd love your help cooking. You could cook a simple meal (ie. jacket potatoes with toppings) or something more elaborate (ie. a roast). We try to keep costs down so we can cook for more people. Help will be given where needed. Prep and cooking takes place from 3-5pm and the Warm Room is open for service from 5.30-7pm. Cook and then let others dish up and clear away or stay for both sessions. Join us for a warm social occasion. Please contact **Deanna Dee Norris, April Rennie, John Orr or David Lee** if this is of interest to you.

### Your community needs you!

A **bicycle rack** has been installed next to Tescos so that bikes can be chained up safely with camera coverage in operation.

**Parking** - Please do not park on the grass verges along Aldenham and along entrances to the estate. Save our verges. Keep our estate safe and looking nice.
