Refuse Collection

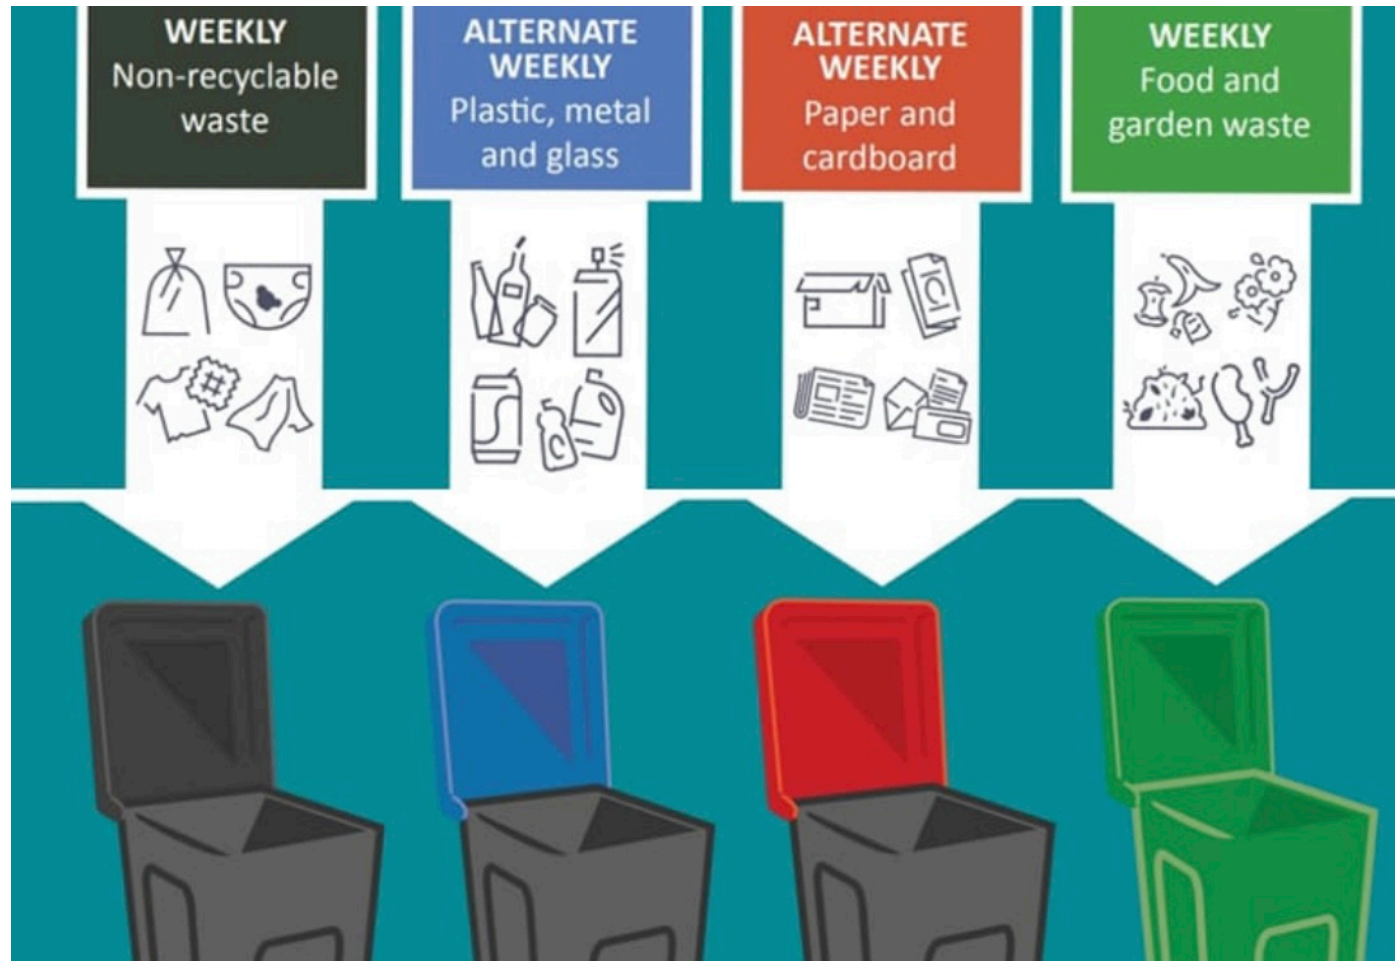

Use of new bins starts Wednesday September 4th

On collection day, please

- Put your bin out by 7 am
- Ensure the bin lid is fully closed
- Return your bins to the property once empty

When recycling, if in doubt, leave it out.

Update your recycling knowledge at
www.milton-keynes.gov.uk/recycling

Landscaping - what are your views?

To the right is a map of Tinkers Bridge. The landscaping in green is done by Woughton Community Council. Would you like WCC to continue with the contract or shall we go back to Milton Keynes Council, who appoint a company? Perhaps you remember what it was like previously when MKC Serco did it. Let us know.

Slow down for wildlife

Drivers are urged to take care as another wild goose was killed on the road next to Ashland Lake recently. There have been numerous casualties. Allie Short, who rescues wild birds, has written to the ParksTrust, urging that they take action to ensure there are no more casualties. **Reduce your speed!**

Rubbish & Fly tipping

Let's keep our estate looking good and take pride in where we live.

- Tear up cardboard, place it in recycling bag
- Don't fly tip
- Double wrap any items with traces of food that won't scrape off
- All broken glass must be securely wrapped and placed in black bag

These are the current houses taking part in the yard sale if you wish to be added to the map, please let me know.

BRENT - 3, 35, 43, 49

CONGREVE - 13, 24

COLNE - 2, 12, 65

Bournemouth, Tuesday August 8th

Skegness, Saturday August 26th

START OF THE NEW BINS BEING USED

Wednesday September 4th

Kebab Van

Please **sign the petition** to keep the kebab van in its current position within the car park area outside the TB meeting place and Tesco's. A kebab van has been in situ for about 30 years. If the van moves to the location suggested Ali will put at risk for targeting and attack. The kebab van is part of our community and he provides a service which goes above and beyond providing kebabs.
